Scope of Work:

Add a New Drawing:

a. Ft Hamilton General Utility

Answer question fro contractor

Replies to RFI for amendment #6:

I had a few questions pretaining to the MP station to be constructed at Fort Hamilton in Brooklyn:

1)How large (number of stories, footprint of building, and existence of basement) are the existing structures to be demolished?

Response: Refer to project demolition plans.

2) Are plans for the new building completed, or are foundation recomendations needed?

Response: Plans are completed, and we don't need any foundation recommendations.

3) What is the size of the footprint of the proposed building?

Response: Refer to our project plans.

We provided the geotech. consulting for the construction of the army lodge at Fort Hamilton and feel we have an intimate knowledge and understanding of the subsurface conditions. We would appreciate the opportunity to work with you on this project as well. Thank you for your timely response.

Response: We don't need geotech consulting.
